Wakakirri

Dear Parents and Carers,

The title of our story/dance piece is “Live Your Dreams”. Do you remember the last dream you had? Come on a journey through the different stages of our lives by exploring our dream world. Fun, exciting and sometimes confusing, dreams can take us on amazing adventures and allow us to reach for the stars!

** Thank you!! **

I would like to thank every parent, carer and staff member for helping to make our costumes and props. I am so appreciative of all the time people have put into sourcing costumes/props, sewing, painting and so on. It has been a HUGE, collaborative effort to complete our story/dance piece at minimal cost for the students. Thank you everyone!

I am so proud of every student for working so hard to learn and polish the routines. You have all shown great commitment by attending the practices before school and you have also worked extremely well as a team. It has been an absolute pleasure to work with such a creative group of students and I can’t wait to see you all shine on stage!
